

International Scientific Conference

Innovative Technologies of Personnel Training for Industry and Transport (ITPTIT'2023)

Dear Colleagues

We are pleased to invite you to take part in our forum and publish materials in conference proceedings.

This event is designed to bring together experts, researchers, and students from various fields to share their experiences and knowledge in technical science, with a focus on next topics:

1. - Mining and Metallurgical Equipment
2. - Mechanical Engineering and Engineering Science
3. - Transport Technologies and Equipment
4. - Resource and Energy Saving Technologies and Materials
5. - Automation and Mechanization Energy Supply
6. - Alternative Energy
7. - Informational Technologies of Design, Modeling, Design, Modern WEB-technologies
8. - Applied Geometry, Engineering Graphics, Ergonomics, Life Safety
9. - Information Technology in Education
10. - Humanities Education Issues

Event Organizers

Ministry of Education and Science of Ukraine
Dnipro University of Technology (Ukraine)
Aktobe Regional State University named after K. Zhubanov
(Kazakhstan)
Vellore Institute of Technology (India)
Alexander Dubcek University in Trencin
Ukrainian Association Open Knowledges

Important Information

Dates

Conference Dates: 28-29 April 2023
Paper Submission Deadline: 20 April 2023
